BENETEAU
AVANT-GARDE IN BOATING

Oceanis 52

E -BOOK

The beginning of a new story: 8th generation of the most successful cruise range

The Team

Naval architect: Roberto Biscontini

Roberto Biscontini qualified from the Southampton School of Architecture and his resume says a lot about his expertise in naval architecture and boat performance. He worked for 20 years for the Italian and New Zealander America's Cup teams – a major accomplishment!

The man who designed the fastest hulls in the world is also an experienced sailor.

Keen on challenges at sea and ashore, always fascinated by hulls and with a constant eye on the wake, Roberto Biscontini is a highly talented architect who has moved with the times to provide his expertise so that sailing can always remain a pleasure for everyone.

Deck and interior designer: Nauta Design

A close collaboration for 20 years with the Beneteau brand

They see contradictions as a challenge. A yacht has to be an object of extreme beauty, that in years to come, will always give pleasure to the onlooker.

Creating a balanced blend of elegance and ease of handling, style and performance, comfort and seaworthiness, is the distinctive character which fuels their pencil, when hand-in-hand with modern technology, they turn ideas into reality.

To complete this famous team 20 specialists from the shipyard worked the last 2 years very closely on the project. Thanks to their inputs combined with a deep work in the Beneteau family (dealers and customers panels) the new generation is precisely define to answer to all the expectations.

Concept & key Points

A Premium boat: designed to be the link between Oceanis and Oceanis Yacht range

Elegant silhouette and powerful hull with same naval architect as for the First and Oceanis Yachts.

A strong promises for great pleasure when easy handle meets sensation at the wheel and pleasure to experience serenity of beautiful design led with attention to details

Revisited volumes

Best in class cockpit full of functionalities thanks to the beam: as large at the mid-ship than at the aft cockpit= a spacious area

A modular cockpit

to adapt to the times of day

Dedicated layouts

1 for demanding owners: 3 cabins 2 heads with carefully selected materials and high level of equipments, upgraded upholstery

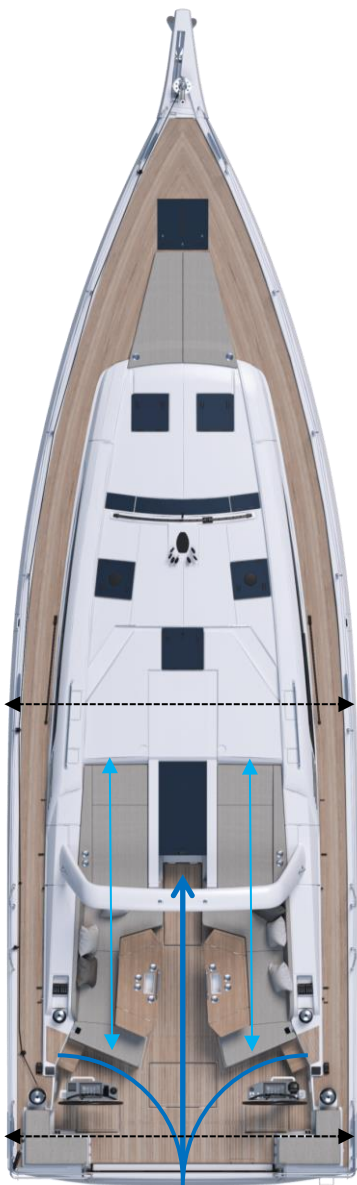

1 for share or charter use: 5 cabins 3 heads fitted with specific materials for robustness and easy maintenance

A simplified offer

Higher standard to avoid trim level, new packages to upgrade exterior or interior comfort

Exterior key points

- A **wide cockpit**: as large at the beam than at the aft! For a huge cockpit area and convenient side decks at the aft
- **Diamond cockpit** : large seating capacity, designed to be a user friendly cockpit
- **Cleaver versatile cockpit tables** with storages: lunch with extra removable extension to join tables / 2 extra sunbaths well protected / coffee table function
- **Huge farniente area** : more than 4.00 m long on both sides dedicated to sunbathing
- **Easy circulation** – Safe: clear passage for side decks in front of the wheels, free central passage to move from companionway to aft
- A **powerful engine: Sail drive 110HP** with electric throttle on console and foldable propeller **as standard**: power, efficiency, safety, ergonomic
- **Ergonomic consoles**: up to 12” screens, engine control... everything is at your fingertips
- **Optional Aft Closed cockpit**: aft entirely closed with additional seatings and storage. Can be converted into **outside galley** with gaz plancha and cooling drawer

Interior owner's version: A premium 3 cabins 2 heads layout

High quality:

Superior wood treatment, quieter technical equipment, improved seating comfort, optimization of all spaces to gain storage space and ease of use

High comfort: like at home furnitures

- Large refrigerator, full-height
- Attractive saloon table in Elegance Pack: electric leg to convert into coffee table or lounge area with comfortable upholstery
- Mast library with nice bottles storage below
- Nice shaped central bench on pantograph with storages
- Central low cabinet with drawers close to the saloon table: a convenient huge storage
- Low cabinet to welcome 12V panel, mirror with solid wood frame

Sense of well-being

Space, light, ergonomy, privacy

Charter or yacht management use: a robust and easy to maintain 5 cabins 3 heads layout

Benefits for the technical teams:

Strong material for furnitures

Easy maintenance

Benefits for the users:

Spacious full length galley,

Central island furniture: easy to use with several people

USP's summary

An upgraded standard + 110HP-
Folding Propeller-Electronic Throttle

Open or Closed aft cockpit

Twin rudders for performance et
better control

Like at home fridge

Owner corner

Premium upholstery for owner version

Laminated wood for charter layout

A simplified offer

Higher standard: this new generation reflects customers needs and expectations.

Removal of the trim level which allows to focus on new thematic packages to upgrade exterior (Escape Pack) or interior (Elegance Pack) comfort

Best in class standard!

New standard includes:

110hp engine,

Three-blade folding propeller

Starboard helm console

Electronic engine throttle on console

Electric opening of the aft platform

Cockpit shower with mixer tap

Fusion RA210 with interior/exterior speakers

5 AGM service batteries, 2 chargers

Complete 230V electrical system

Direct and indirect LED lighting

3.5" Navicolor screen

USB ports in the saloon and cabins

Seanapps connected boat

Specifications (provisional , updates at the boat's certification)

General Specifications

• L.O.A (with bowsprit)	16,28m 53'5"
• L.O.A (standard)	15,75m 51'8"
• Hull length	15,31m 50'3"
• L.W.L.	14,67m 48'2"
• Beam	4,84m 15'11"
• Deep draft (Cast iron)	2,36m 7'9"
• Deep ballast weight	3 396kg 7,485 lbs
• Shallow draft (Cast iron)	1,92m 6'4"
• Shallow ballast weight	3 604kg 7,943 lbs
• Air draft:	
- Mast 2 spreaders	22,00m 72'
- Mast Performance	23,85m 78'
• Light displacement	14 476kg 31,905 lbs
• Fuel capacity (standard)	200L 53 US Gal
• Fuel capacity (Option)	200L 53 US Gal
• Fresh water capacity (standard)	420L 111 US Gal
• Fresh water capacity (Option)	300L 79 US Gal
• Engine power (Sail drive)	110 HP

ARCHITECTS / DESIGNERS

- Naval Architect: Biscontin Yacht Design
- Outside & interior design: Nauta Design

The background is a solid blue color. In the top-left corner, there are several overlapping, semi-transparent light blue curved shapes that resemble stylized waves or the edge of a circle. In the bottom-right corner, there is a single, darker blue curved line that also appears to be part of a larger, partially visible shape.

Exterior

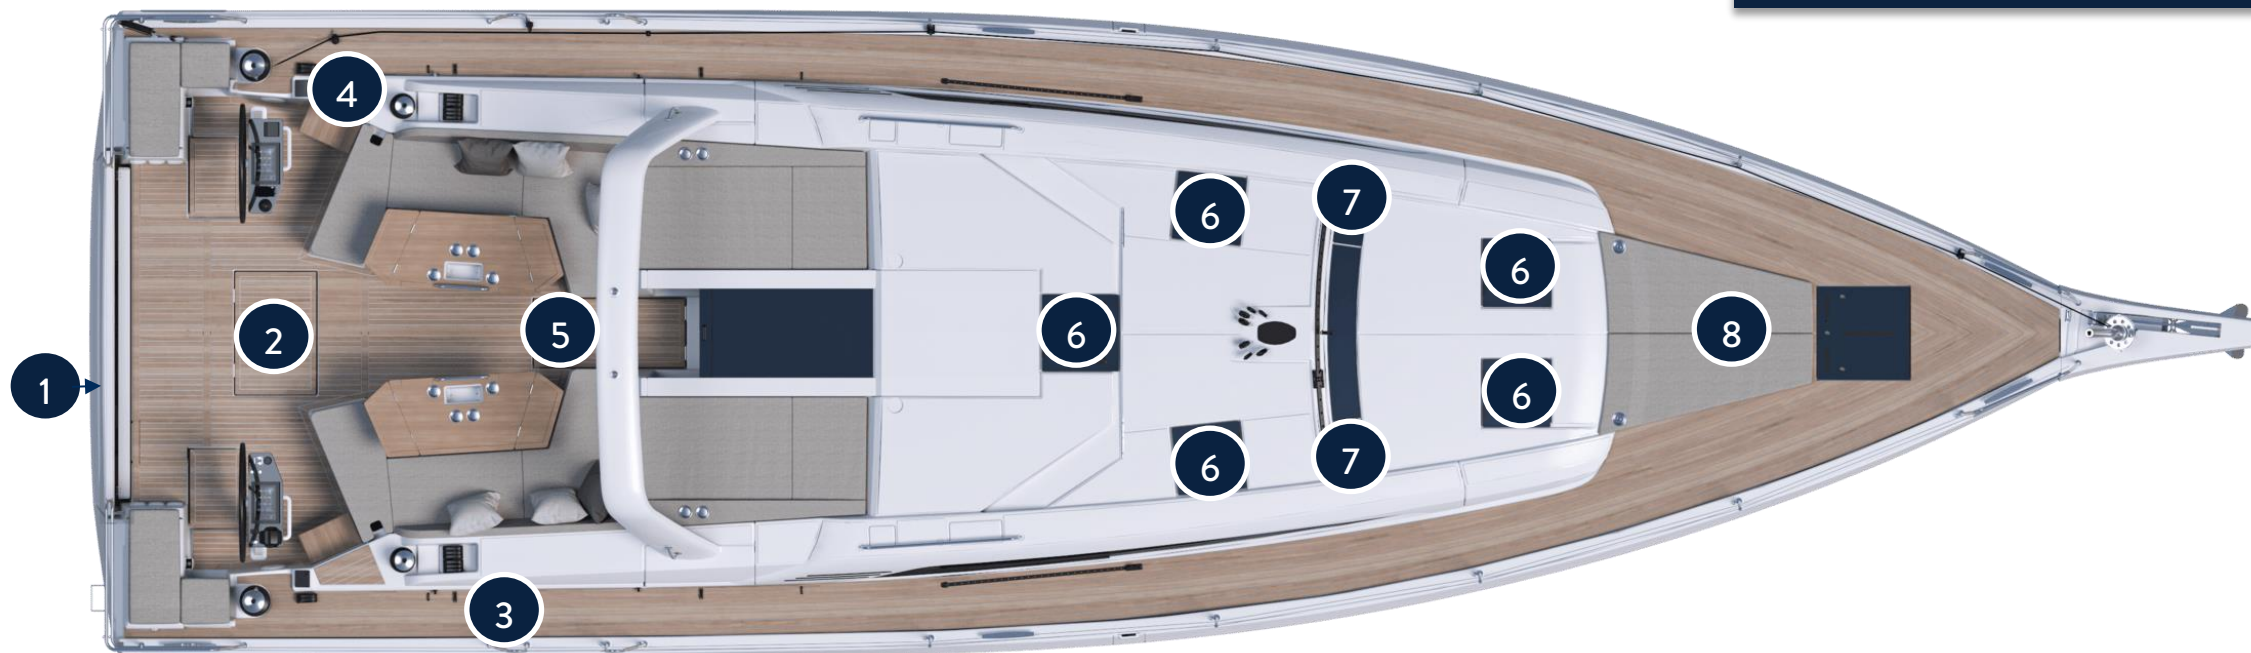

Rigging / Mast

- 1 Anodised aluminum boom and deck stepped mast with in-mast furling system as standard. 2 Aft swept spreaders. Classic or Performance mast are available in dedicated packages
- 2 Standard self-tacking jib rigging
Can be removed with rigging Pack to have genoa instead
- 3 Deck panel for sail locker access
- 4 Large chain locker with 12 V - 1 500 W vertical electrical windlass
- 5 Polyester bowsprit with integrated anchoring gear and bobstay (for Code 0 and asymmetric spinnaker) is included in rigging pack
- 6 Genoa sheet track on side decks + Complete genoa rigging + 2 Additional jammers included in rigging Pack
- 7 Standard self tailing winch (H46.2 STA) at each helm station. Genoa winches available in rigging Pack
- 8 Double rudders for a lively and responsive boat at the helm.
- 9 GRP mainsail arch with 2 Stand-up mainsheet blocks as option. Mainsail stay rope on the roof as standard

Deck

LONGER BOAT : +30cm / 12"

Prime access to the sea, wide opening on the platform:
ideal for enjoying activities while anchored
Spacious aft platform (2,65m x 0,80m / 8'8" x 2'7").

1 long step, perfect ergonomics

1 very convenient stainless steel fixed swimming ladder with
large handrails

Electrically operated as standard

Iro-deck slatted as standard

2 Access to storage under cockpit floor

3 Large side decks, easy to move forward

4 Easy access to side decks in front steering wheels. Comfortable
wide step

5 Liferaft locker in front of companionway (Length 900mm / 2'11" x
Beam 365mm / 1'2" x Deep 535mm / 1'9")

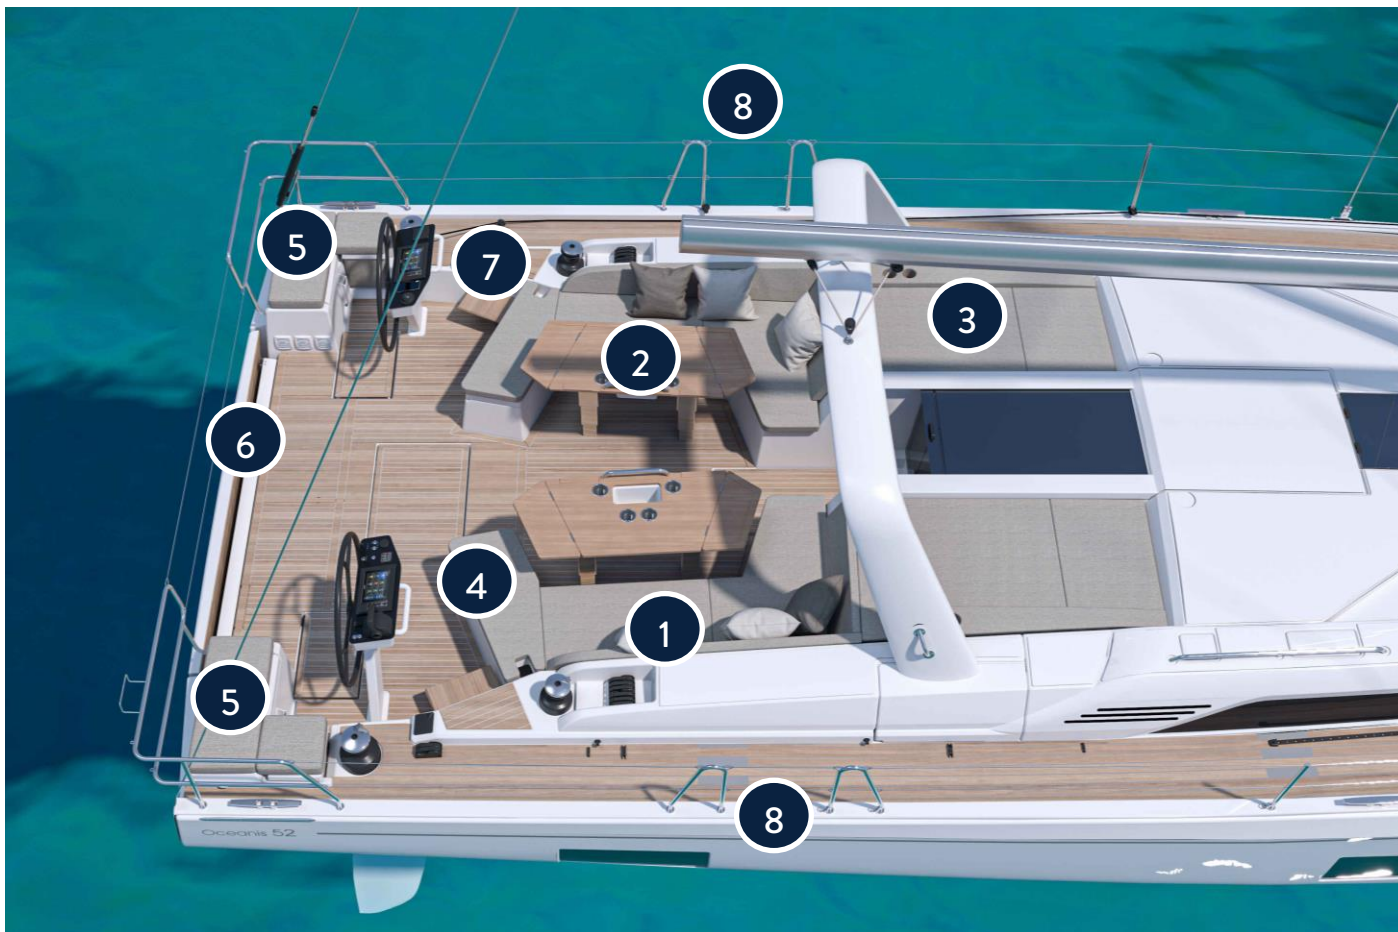

6 5 large opening deck panels with mosquito/screen

7 2 opening deck panels for the owner's head compartments

8 Spacious fore deck, can be converted into extra sunbathing area

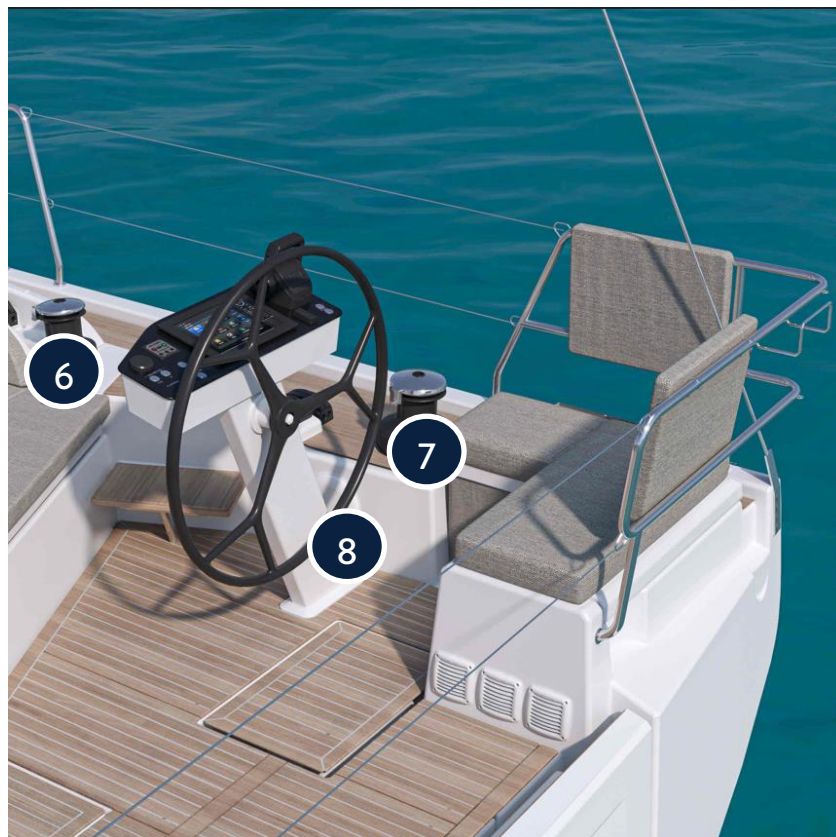

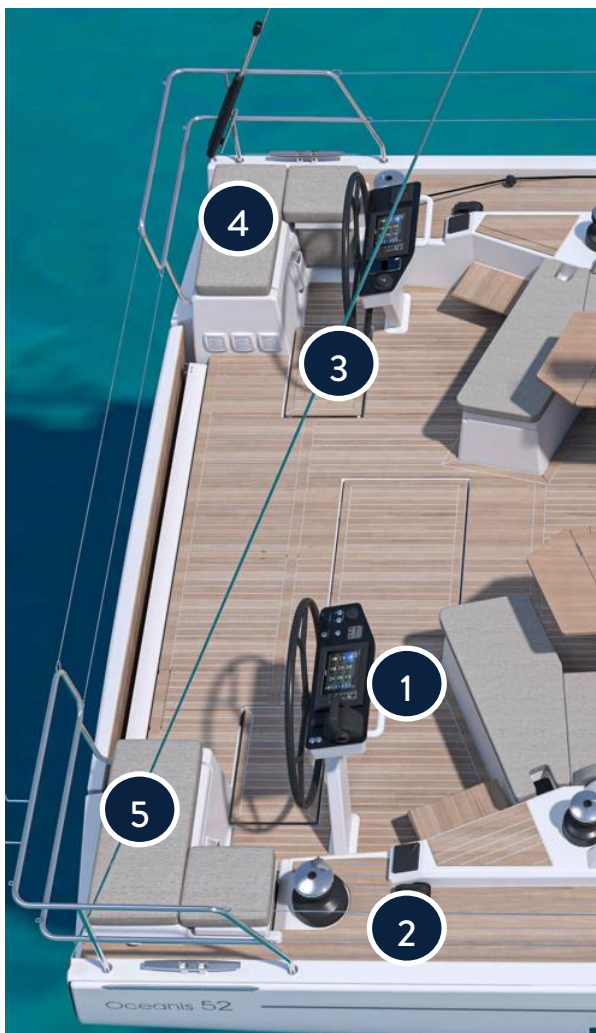

Cockpit

LARGER COCKPIT AREA +30%

- 1 C-shaped cockpit benches. Spacious and ergonomic. Large storages under seat
- 2 2 cockpit tables: fixed wooden top, fixed legs. Storage on the top, cup holders, side handrail to move easily. Electric telescopic legs to convert tables into double sunbeds (Escape Pack)
- 3 2 sunbeds on each side of the companionway: enlarge cockpit capacity, nice farniente area. Slatted Iro-deck as option. Upholstery as option, backrest can be lifted, integrated cup holders.
- 4 Rope storage under seat + free storage
- 5 Spacious and comfortable helm stations, L shaped seat. Optional upholstery with backrest
- 6 Prime access to the sea, wide opening on the platform: ideal for enjoying activities while anchored. 1 long step, perfect ergonomics
- 7 Easy access to side decks in front steering wheels. Comfortable wide step
- 8 Optional side gates opening

Helm stations and winches

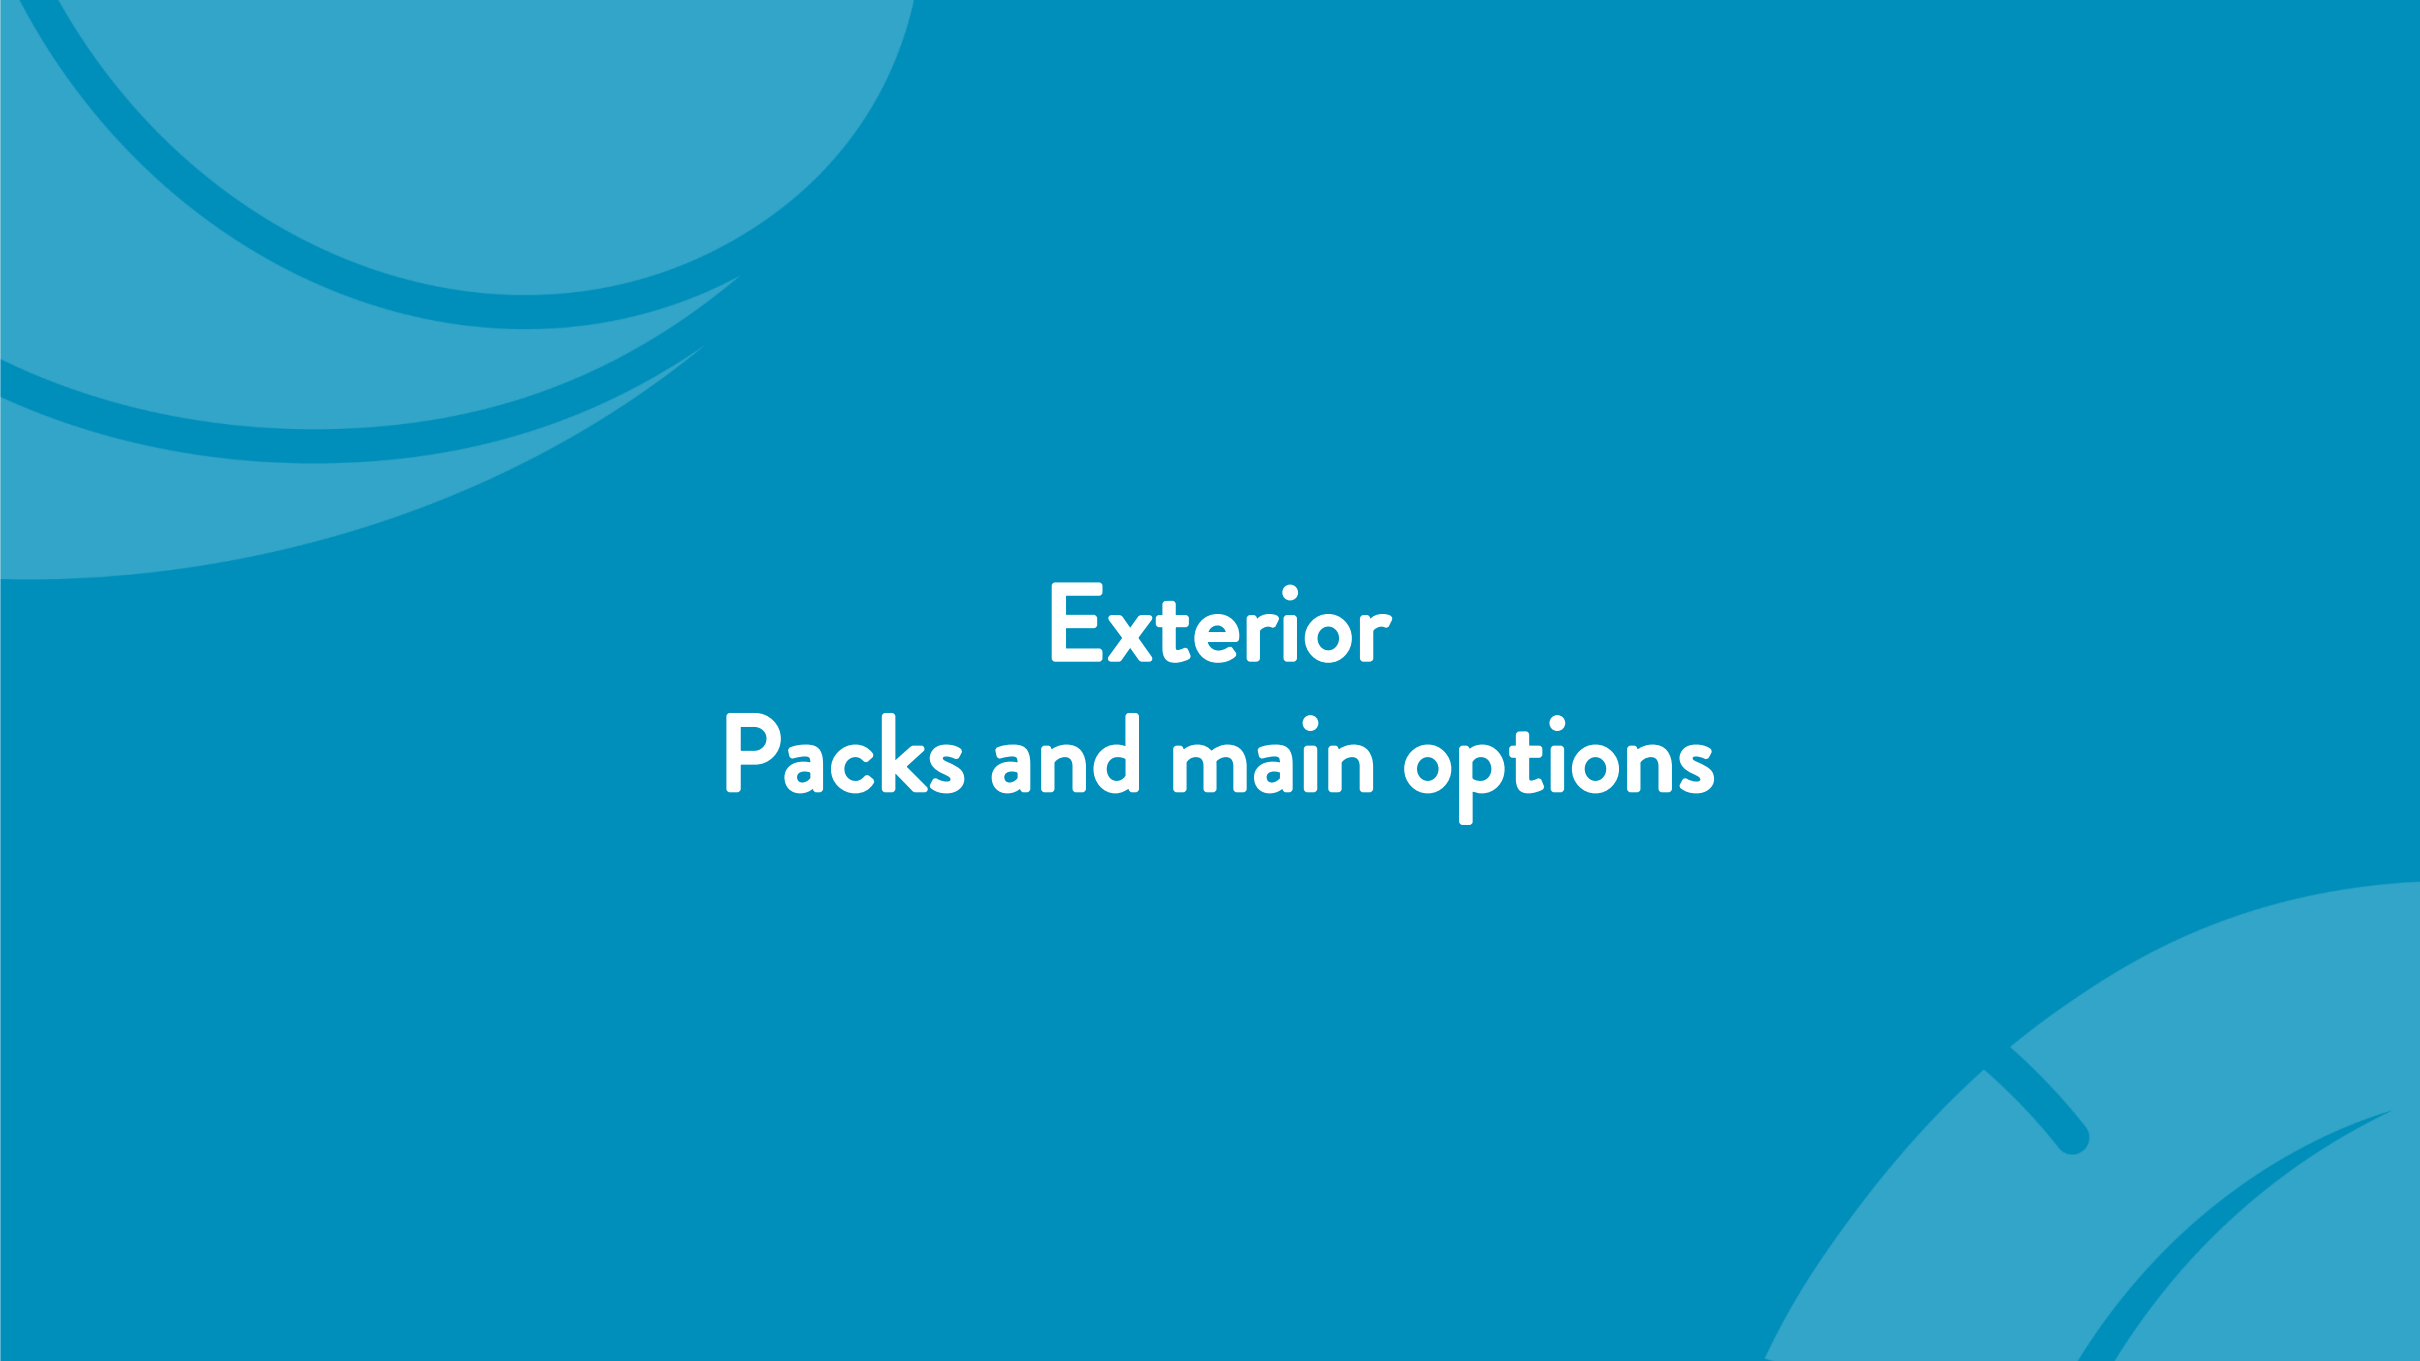

- 1 Consoles designed to offer a perfect ergonomic: all controls at finger tips
Standard starboard console with electric engine control (Portside console included in Electronic Pack)
 Designed to welcome 9" or 12" multifunction screens (included in Coastal and Offshore Packs) bow thruster control (Escape Pack)
 Stainless steel handrails at the aft for the side deck access
- 2 Engine control panel
- 3 2 foldaway helmsman foot chock
- 4 Storage for 2 gas bottles under port side seat (Diameter: 0,28m/ 11" x Height: 0,44m/ 1'5")
- 5 Access to cockpit storage under starboard seat
- 6 Standard H46.2 STA self tailing winch at each helm station as standard.
- 7 Optional H 60.2 STA manual genoa winches included in rigging Pack.
 Electric as option with control on the starboard console
- 8 Black composite steering wheel as option. Y-spoke. (Diameter: 900 mm/ 2'11")

Functions on consoles

Consoles designed to offer a perfect ergonomic: all controls at finger tips
Designed to welcome 9" or 12" multifunction screens (included in Coastal and Offshore Packs) bow thruster control (option)
Stainless steel handrails at the aft for the side deck access

- 1** Standard starboard console with electronic engine throttle as standard
- 2** Bow thruster control (Escape Pack)
- 3** Chain counter + Electric windlass control (Escape Pack)
- 4** Opening aft platform control (standard)
- 5** Auto Pilot control (Electronic Pack)
- 6** Engine start control
- 7** Control for electric primary winch (halyard) - H50.2 STAEH, (option)
- 8** Port side console included in Electronic Pack, with induction charger for smartphones and auto pilot control

The background is a solid blue color with several large, overlapping, curved shapes in a lighter shade of blue, creating a modern, abstract design.

Exterior Packs and main options

Sails areas comparison

Sails configuration	Sail area according configuration	% of extra sail area VS Standard boat
Standard boat Furling mast + self-tacking jib	94 m2 / 1,012 sq/ft	/
Standard boat with Upwind or Upwind & Downwind Pack Furling mast + Genoa	114 m2 / 1,227 sq/ft	+ 21,28%
Optional Classic Mast with Upwind or Upwind & Downwind Pack Classic mast - 2 spreadaers + Genoa	127 m2 / 1,367 sq/ft	+ 35,11%
First Line Pack Extended classic mast - 3 spreaders + Optional Performance sails	143 m2 / 1,540 sq/ft	+ 52,13%

Focus on Palma-Tec cloth (Formerly known as XRP Cruise)

Brand: Challenge Sailcloth
Cloth: Palma-Tec

Ultra PE Enhanced Cruising Laminates

These modern cruise laminates use all inlaid fiber without scrims for highest performance and efficiency. Sandwiched between taffetas, they are soft and strong with tremendous lamination adhesion for excellent durability. Using large and tough black polyester high tenacity fibers in several directions, they both handle off angle loads, and are untearable

100% recycled polyester fiber and recycled film.

Challenge uses a **proprietary adhesive system** that contains no PFAS's or solvents to bond all the materials together

The combination of black fibers between white taffetas produces a light grey color

- Low stretch
- High durability
- Special UV resistant polyester film is used

OPEN OR CLOSED AFT COCKPIT

Closed cockpit packs

Higher welcome capacity that frees central cockpit area

Closed cockpit Pack brings a large aft storage accessible from the platform

2 choices:

- **Storage version:** Additional aft bench with storage + 2 lifting seats: secure cockpit, completely closed
- **Galley version:** instead of extra storage this version adds a gas plancha and a 30L cooling drawer. Easy to cook from the aft platform

2 access to the aft platform thanks to the lifting seats

Dedicated upholstery as option

Oceanis 52

E-BOOK

Closed cockpit packs

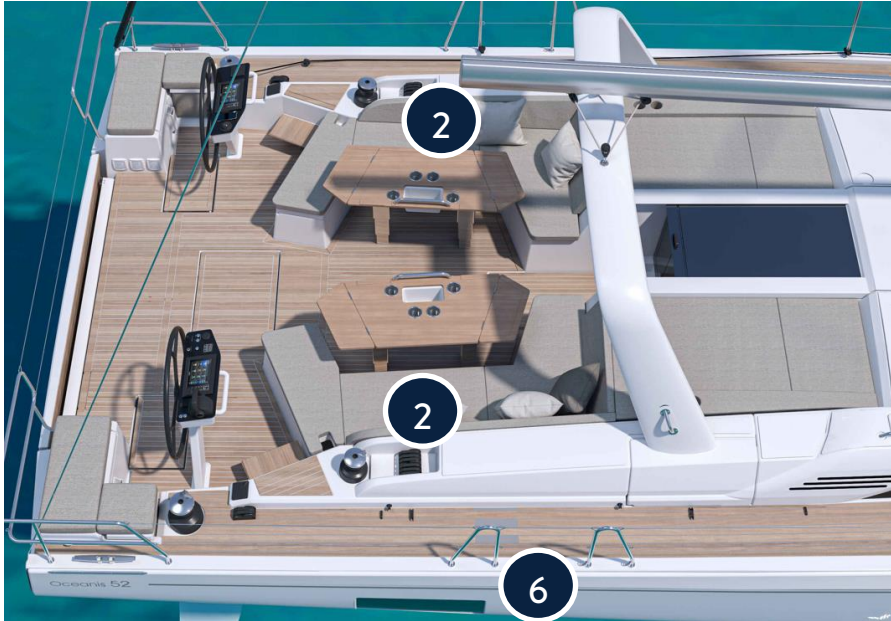

1 Additional aft central bench + 2 lifting seats, 2 steps to access for the cockpit

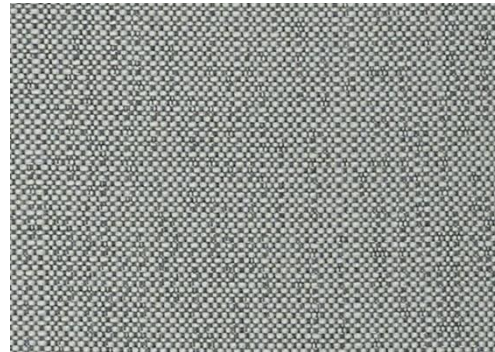

Galley version: gas plancha

Escape pack: exterior equipments upgrade

Savane Nimbus Sunbrella fabric

Dedicated pack with popular equipments

- 1 Tunnel bow thruster (Side Power - SE100/185T-24V) with 4 dedicated 50 Ah batteries
- 2 Savane Nimbus cockpit upholstery (seats and backrests)
- 3 2 Savane Nimbus mattress for cockpit tables
- 4 Electric telescopic legs for both cockpit tables for sunbed function
- 5 Bow thruster control on the starboard console
Windlass control with chain counter on starboard console
Remote control for aft platform opening
- 6 Side gate opening to port and starboard

Outside upholsteries. Great comfort to live outside

Solar panels: on the roof or/and on the fixe bimini

The Solara semi flexible (3%) solar panel is specially designed for boating.

It is resistant to high heat, high humidity, and salty environments, and is walkable.

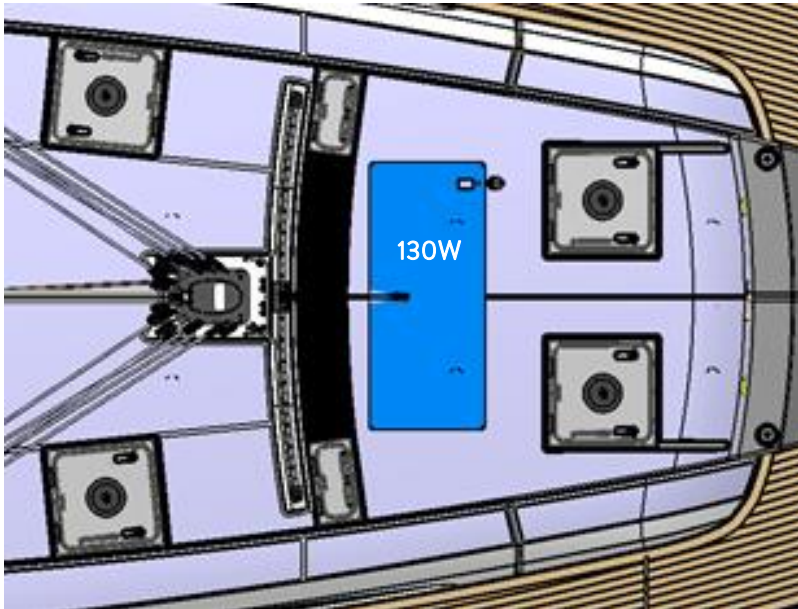

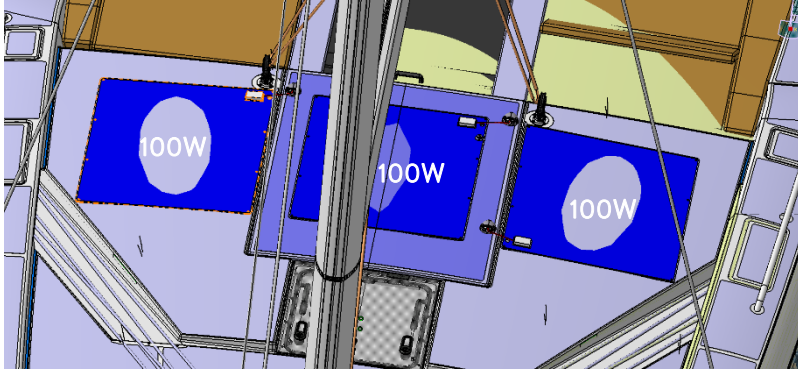

Extremely high yields thanks to the use of high-performance crystalline cells.

Maximum daily yield thanks to additional individual cells.

Powerful low-light performance - high yield even in cloudy and partially shaded conditions.

FA S04 Solar panels on the roof

Brand: SOLARA

430 W Solar panels on the roof:

Power: 3 x 100W + 1 x 130W

Compatible with optional solar panels on the fixe
bimini to increase the autonomy

Daily output in summer:

- for 130W solar panel = 575Wh/day
- for 100W solar panel = 400Wh/day

FA S04 430W Solar panels on the roof

Under process, more details to come

Complete mooring kit

- Delta 25 kg/55 lbs anchor (galvanized steel)
- Chain (Ø 12mm / 1/2" - Length: 40m / 131')
- Line (Ø 22mm / 7/8" - Length: 50m / 164')
- 6 Fenders:
 - 2 L (Ø 250mm / 10" - Length: 700mm / 2'4")
 - 4 XL (Ø 300mm / 12" - Length: 880mm / 2'11")
- 4 Moorings lines (Ø 18mm / 11/16" - Length: 15m / 49')
- Anchor positioner

Electronic Pack by **Raymarine**

2 choices : 9" Axiom2 Pro or 12" Axiom +

COASTAL PACK

- **1 Axiom 2 Pro 9"** multi-function touchscreen **on the standard starboard console**
- Port side helm station: 1 i70s display on deck
- Windex Windvane
- Wind Sensor (Windvane, Anemometer)
- Sensor (Log, Speedometer, Temperature)
- P70s autopilot + Starboard helm console control
- Chart table: RAY73 VHF, AIS receiver function
- Protective cover (Silver): Steering wheel + Starboard console

OFFSHORE PACK

Includes Coastal Pack and adds:

- **1 Steering console to port**
- **1 Axiom 2 Pro 9"** multi-function touchscreen
- 1 i70s display, on the starboard console
- S100 Wireless autopilot remote control
- Induction charger for smartphone
- Protective cover (Silver) for the console

UPGRADE FOR OFFSHORE PACK *(requires Offshore Pack)*

- **2 Axiom + 12"** screens replacing the Axiom 2 Pro 9" screens

Axiom2 Pro Multifunction Display

Raymarine

The powerful Axiom2 Pro Series multifunction navigation displays offer all the simplicity and speed of Raymarine multifunction navigation. Displays are controlled using both a slim and compact touchscreen and physical buttons.

LightHouse 4 OS is fast, fluid, and easy to learn.

- Swipe and navigate – it's easy.
- Built for the future with regular free updates, including new features and improvements.
- Standard Wi-Fi and Bluetooth connectivity allows connection to the latest Raymarine apps for tablets and smartphones.
- Super-bright LED technology – bonded display, readable in bright sun.
- Blazing-fast quad-core processor backed by a powerful graphics processor.
- From its keypad on the side, a long press on the Waypoint / MOB key to activate the Man overboard (MOB) alarm.

INTUITIVE CONTROL

Easy to use Lighthouse 4 operating system with control device HybridTouch offers owners the flexibility of multi-touch interaction and keypad control in extreme weather conditions.

SHARPER

IPS display technology delivers wider viewing angles and sharp contrast at twice the resolution of traditional displays.

Improved viewing with new LightHouse colour themes, including Day and Night mode.

-P R9HC: UPGRADE FOR OFFSHORE PACK (requires Offshore Pack):
2 Axiom + 12" screens replacing the Axiom 2 Pro 9" screens

Induction charger for smartphone
Compass
Control for optional port side maneuver electric winches
Auto pilot control

Control for: electric windlass, aft platform, optional starboard maneuver electric winches, bow thruster
Engine panel
Chain counter
Standard electric engine throttle

Interior owner's version:
A premium 3 cabins 2 heads layout

A high-end interior for demanding owners : 3 cabins 2 heads

A specific layout has been designed for discerning owners. It incorporates refined finishes, high-quality fittings, and a thoughtful layout to maximize onboard comfort and luxury.

This layout offers spacious private spaces, exceptional cabin comfort, and intelligent storage solutions for owners seeking a living environment that is both practical and refined.

Common living areas: Designed for premium moments

HIGHER STANDARD
WOOD FINISHES
UPGRADED UPHOLSTERY

Carefully selected materials

Sand oak alpi with solid alpi fiddles, 2mm wood edges: every furniture is as nice as what is expected at home

Corian Rain Cloud work top

Puffy upholsteries with 3 trends: Ivory, Sunset, Pacific

Anti-glare lights in ceilings

Ecru leather covering on handrails

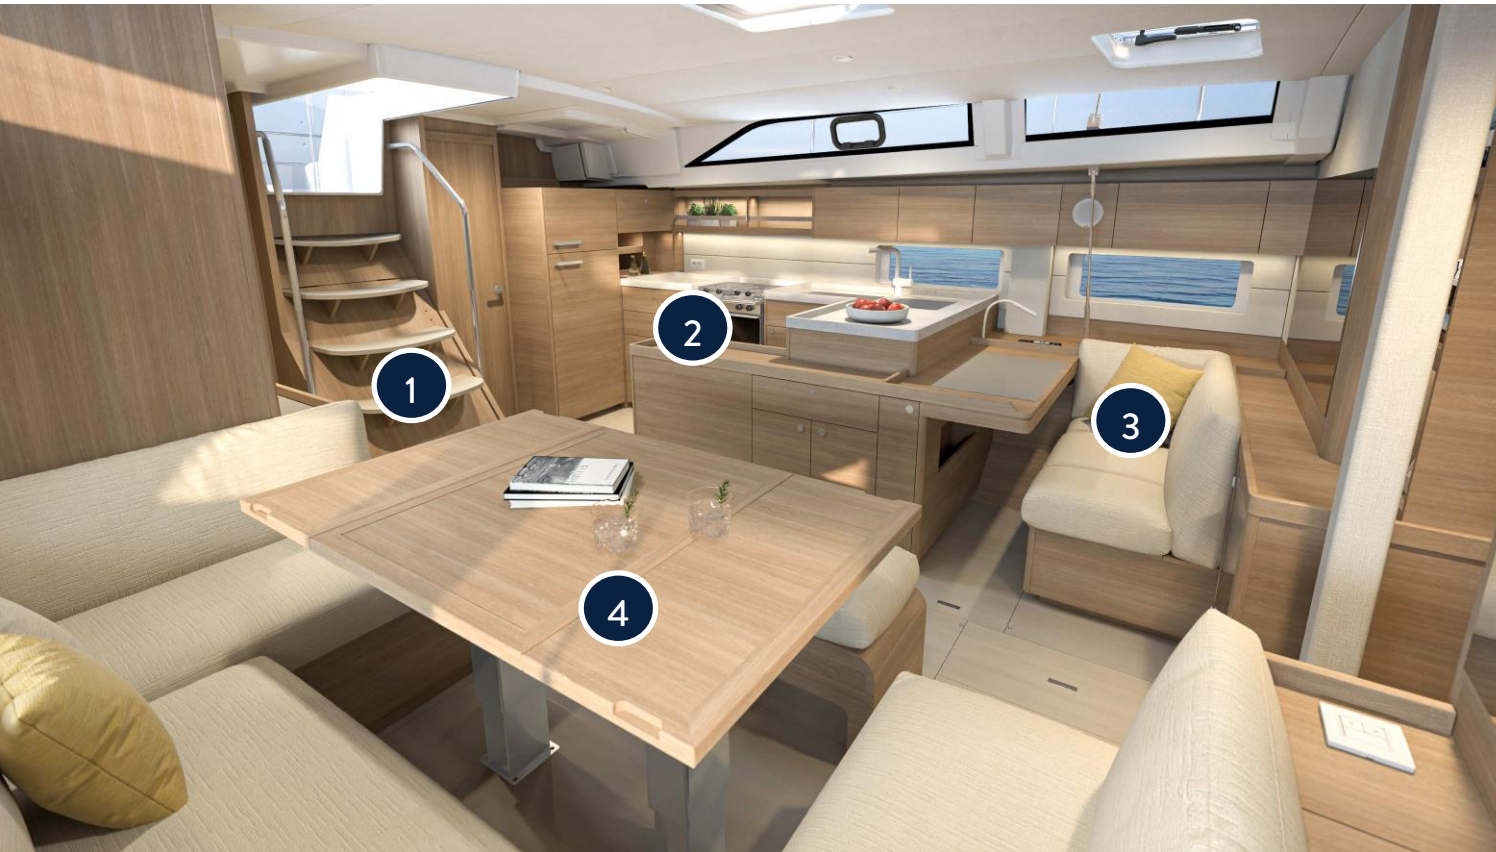

Natural light, ventilation, sea view:

3 opening deck panels with blinds and mosquito net

4 hull portholes

Long windows on coamings with 2 opening portholes, fitted with pleated blinds

Common living areas: Designed for premium moments

4 main areas:

- 1 Comfortable companionway:
gentle slope, 5 steps, 2 long handrails with leather covering
- 2 Large C shape galley: near cockpit, seaworthy: perfect when the boat heels, long Corian worktop, numerous storages, high cold capacity
- 3 Home office / Chart table: a pleasant corner full of comfort to work or plan the navigation. Lifting seat when heeling
- 4 Spacious U-shaped saloon, designed for 8 people
Solid alpi on the edges: high quality
More than a saloon: versatile table as option with 2 flaps and electric legs to create a spacious lounge area or a coffee table thanks to the rotated top

Common living areas: Designed for premium moments

1

Low cabinet to welcome 12V panel, mirror above with solid wood frame. Very convenient: perfect location down the companionway

2

Beautiful piece of woodwork: mast bookcase within easy reach, integrated LED lighting. The lower part consists of a bar closed by a smoked plexiglass door.

3

2 optional front bulkhead mirrors

4

The central bench is a magnificent piece of cabinetmaking. Mounted on a pantograph, it adapts to all uses of the modular table. Includes storage.

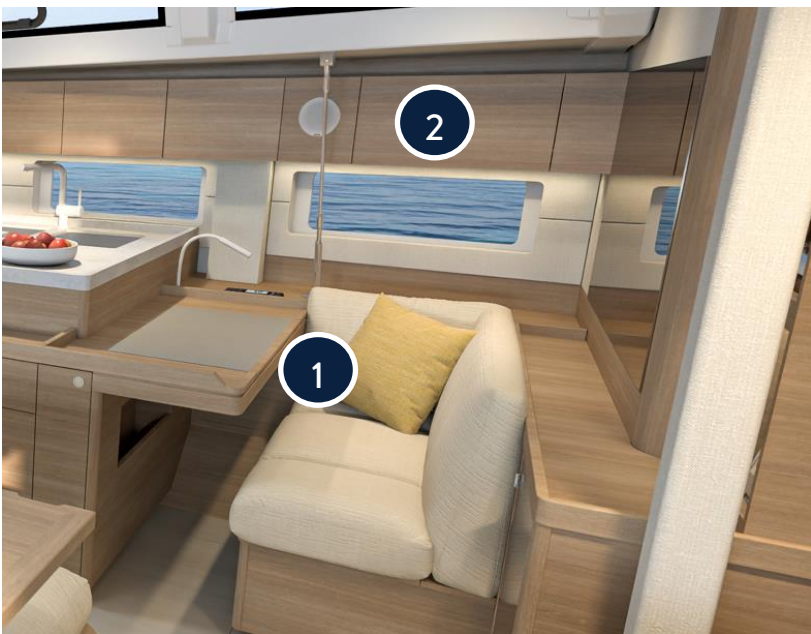

5

Spacious U-shaped saloon, designed for 8 people
Solid alpi on the edges: high quality
More than a saloon: versatile table as option with 2 flaps and electric legs to create a spacious lounge area or a coffee table thanks to the rotated top (Elegance Pack)

6

Attractive central unit facing the dining table: ideal for dishes, cutlery can be stored in the large drawer

Home office / Chart table: a space dedicated to life on board to be able to devote oneself to specific tasks while participating in convivial moments

- 1 Highly comfortable seating, ergonomic backrest
Fold-up top with integrated storage. Artesian cover.
The end of the bench seat lifts up to accommodate the heel.
1 Flexible and adjustable reading light.
1 USB port, 1 230V outlet under the chart table

- 2 Closed high cupboards

- 3 Beautiful piece of woodwork: mast bookcase within easy reach, integrated LED lighting. The lower part consists of a bar closed by a smoked plexiglass door

- 4 2 optional front bulkhead mirrors

- 5 Fire extinguisher storage

- 6 Under-seat storage with power outlet for vacuum cleaner storage

- 7 Watermaker option location: unit under the floor and control panel behind the backrest
Or
Access to the additional freshwater tank option (not compatible with the watermaker option)

Galley: Equipment, storage, ergonomics: nothing is left to chance

Corian Rain Cloud worktop

Galley: Equipment, storage, ergonomics: nothing is left to chance

1 12V Fridge with 2 front doors - 176L / 46 US Gal + 1 freezer 43L / 11 US Gal (negative cold)

2 Open bottle storage, closed upper storage, 1 door. Space for 6-set dishwasher (optional)

3 2-burner gas stove/oven.
Optional: 3-burner gas stove, oven with grill

4 Underfloor storage for 6 bottles

5 Closed upper cabinet.
Location for 20L microwave oven option

6 Low storage unit with 2 drawers, 1 door

7 2 rectangular sinks.
Large, tall mixer tap for easy dishwashing of bulky utensils

8 Low storage unit with 4 drawers.
Optional: 130L refrigerator or washer-dryer (8-5 kg / 18-11 lbs / 230 V)

9 The end of the central unit houses two waste collection bins (2 x 27 L). Opens onto the kitchen

10 Large worktop in Corian Rain Cloud: elegant, durable, hygienic

Owner's cabin: a cocoon of well-being

- 1 Central double bed Island bed type, mounted on gas struts (2,05m x 1,60m x 1,39m / 6'9" x 5'3" x 4'7"), Bedside tables, flexible lights with built-in USB-C socket

1 opening deck panel

Best in class standard for demanding owners

To perfect fits to owner's expectations this 3 cabins version includes:

- 110hp engine
- Three-blade folding propeller
- Starboard helm console
- Electric engine control on console
- Electric opening of the aft platform
- Cockpit shower with mixer tap
- Fusion RA210 with interior/exterior speakers
- 5 AGM service batteries, 2 chargers
- Complete 230V electrical system
- Direct and indirect LED lighting
- 3.5" Navicolor screen
- USB ports in the saloon and cabins
- Seanapps connected boat

Why a higher standard?

Standard equipment is always valued at the fairest price since it is systematically provided for each hull produced.

= A real price advantage for the customer

This high standard avoid Trim level

2 new packages with thematic

Escape Pack = exterior upgrade

Elegance Pack = interior upgrade

Charter or Yacht management version:
A robust 5 cabins 3 heads layout

Charter or yacht management use: a robust and easy to maintain 5 cabins 3 heads layout

Benefits for the technical teams:

Strong material for furnitures:

Laminated Laos Teak: a resistant surface chosen for intensive use of the boat

The edges are glued with a very strong PU glue: prevent the edges from peeling off

Compact worktop in galley and heads with Corian fiddles: designed to stay like new over time

Easy cleaning: laminated floors, PVC hull lining, PVC upholstery

Easy maintenance

For a secure hold, the ceilings are screwed

To avoid damages floorboards are screwed

Easy access to all technical equipments, technical access under floors are equipped with jacks.

Benefits for the users:

All the portside area welcomes a spacious full length galley, + one central island furniture: plenty of storages, long worktop, easy circulation

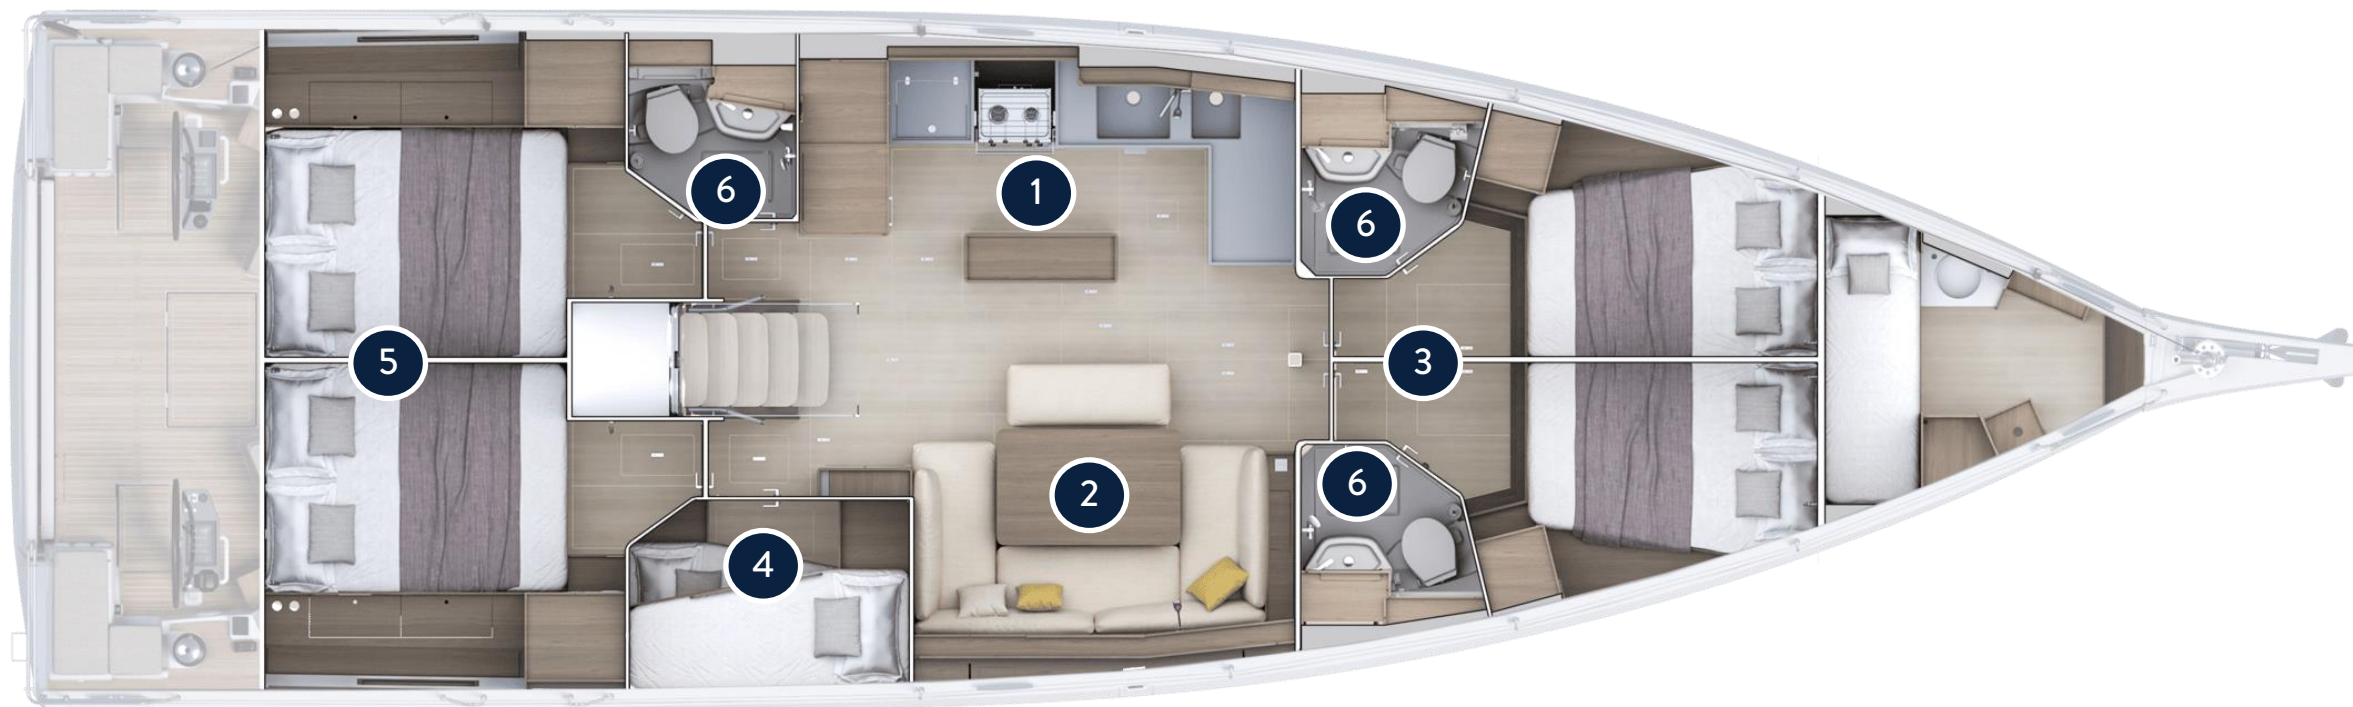

Charter or yacht management use: a robust and easy to maintain 5 cabins 3 heads layout

To perfect fits to specific use this 5 cabins version includes:

- 2 Cockpit tables: fixed polyester table top instead of wood tops with 2 cup holders, central storage
- Bow stainless steel protection
- Aft transom protection
- Double berth in saloon
- Galley: Sea water/fresh water foot pump
- Fans in the saloon and cabins
- Additional water tanks (2 x 165L / 2 x 44 US Gal) in the saloon

Charter or yacht management use: a robust and easy to maintain 5 cabins 3 heads layout

- 1 Side galley large work surface, spacious storage, large cooling capacity: designed for meal preparation with numerous guests
- 2 Large c-shaped saloon with fixe table and bench: welcome up to 8 people
- 3 Double forward cabins with forward facing bedheads twinned with a large bunk. Each cabin has its own private head

- 4 Side cabin with bunk beds. Perfect for the youngest members of the crew
- 5 2 Aft cabins with large bunk.
- 6 Pivoting head, smart et innovating: For a better comfort the washbasin rotates to free the shower area

Charter or yacht management use: Huge galley well fitted with central island for easy circulation

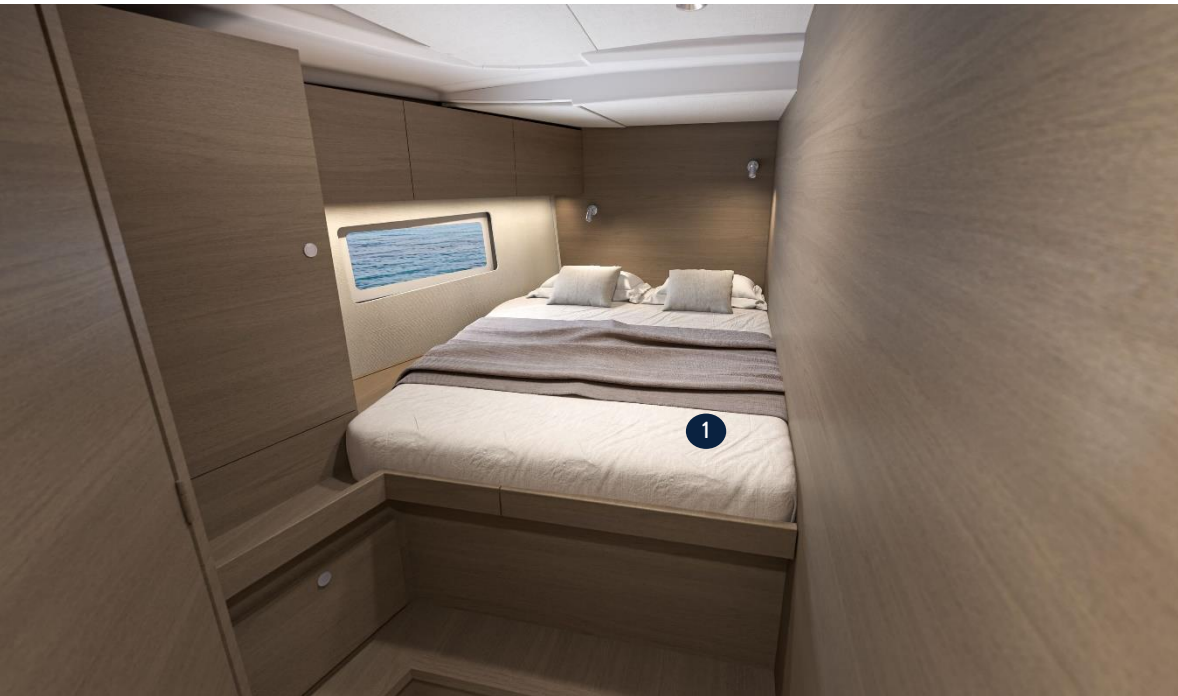

- ① • 2 Rectangular stainless steel sinks - 1 Mixer tap – Large Storage cupboard below
- ② • 1 Gas cooker 2 burners - Stainless steel oven on gimbal – Stainless steel protection handrail
- ③ • Cool box 85 L / 22 US Gal top opening
- ④ • 12 V 176 L/46 US Gal fridge, front door + 43 L/11 US Gal icebox with front door
- ⑤ • 1 Stowage for 6 bottles accessible from the worktop (or position for dishwasher option) + 1 Closed upper stowage

- ⑥ • 2 High shelves with doors (1 can be fitted with microwaves oven), 2 Open high shelves
- ⑦ • 1 Lower cabinet: 4 drawers
- ⑧ • Lower open stowage space with beading
- ⑨ • 1 Central cupboard with:
 - Sliding double 2 x 27 L/2 x 7 US Gal bin
 - Large lower cupboard with 2 doors, 1 drawer accessible from the saloon

Charter or yacht management use: a robust and easy to maintain 5 cabins 3 heads layout

Port forward cabin

Aft starboard cabin

① Convenient: forward and aft cabins include a luggage storage under bed mattress

The background is a solid blue color with several large, overlapping, curved shapes in a lighter shade of blue, creating a modern, abstract design.

Interior Packs and main options

Optional bow cabin: best in class

(In place of the sail locker)

Access through T70 deck hatch (with mosquito blind), passage width: 62 cm/2' -
Stainless steel ladder

Headroom: 1,80 m / 5'11" beneath deck hatch

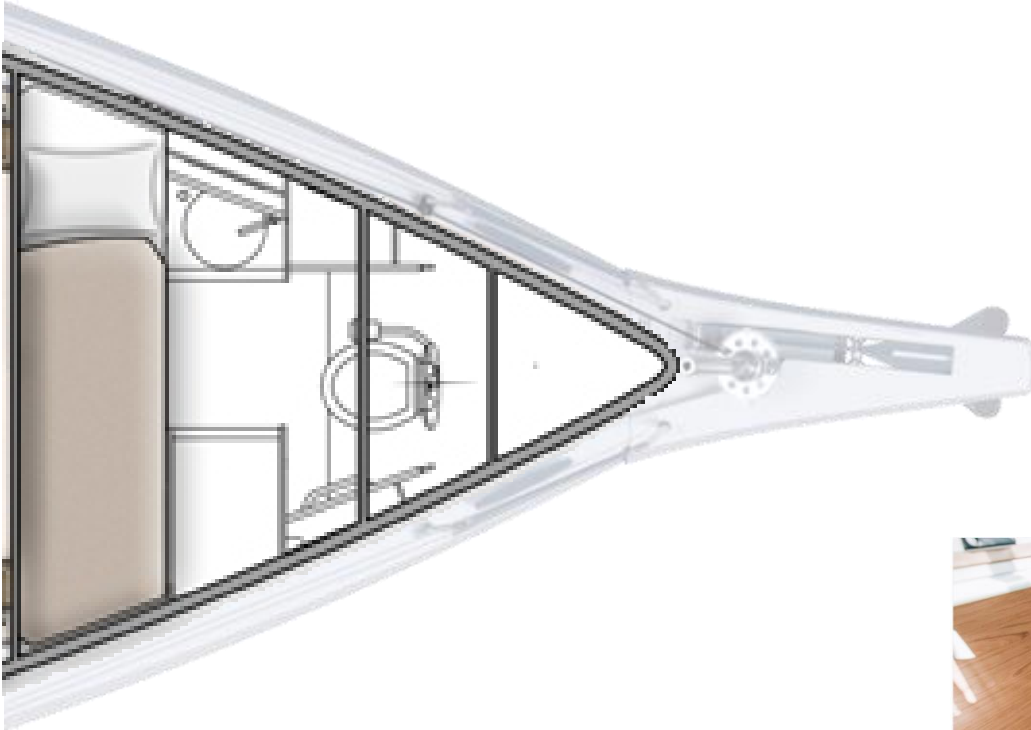

1 Bed (2 m x 0,66 m / 6'7" x 2'2") Foam mattress - PVC cover

2 Storage lockers, Under the bed - Cupboard and shelves

Manual toilet + Rigid holding tank (50 L / 13 US Gal) - Washbasin - Mirror -

Lighting - Shower head mixer tap - Shower tray with curtain

1 230 V socket, 1 LED ceiling light, 1 LED reading light

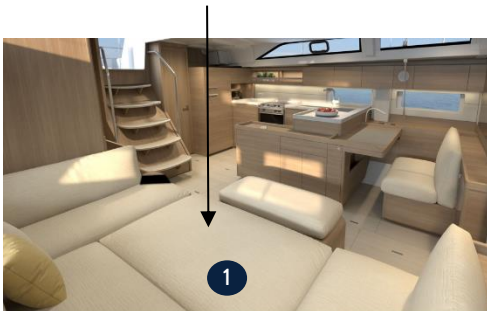

Elegance Pack for 3C2T owner's version

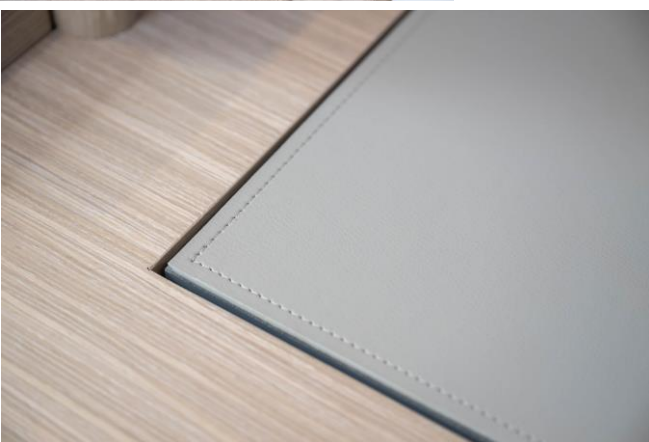

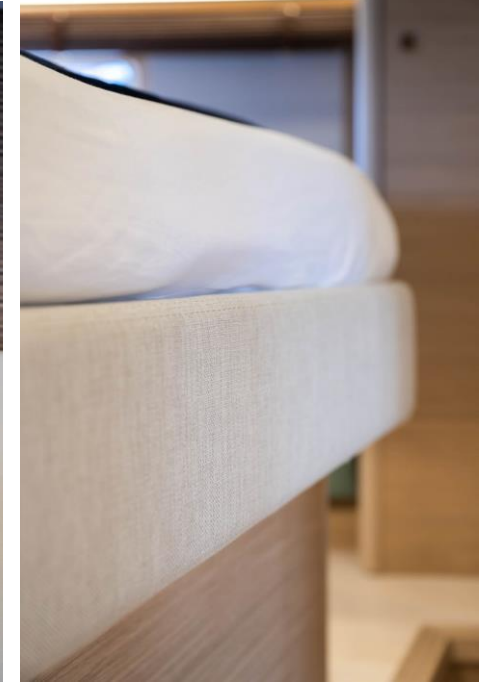

- ① • Saloon table with electronic legs and table top that transforms into saloon table version or lounge space (upholstery optional)
- ② • Sunbrella Natté Natural padded headboard in the forward cabin
- ③ • Artesian covering on forward cabin bedside tables, companionway cupboards, top of chart table, bookcase

Elegance Pack for 3C2T owner's version

Optional domestic appliances: 20L microwave oven

1 Location for microwave oven option

Brand: WHIRLPOOL
Model: Jet Defrost - MWP201W

Power: 700W
Capacity (L): 20

Automatic recipes: Auto Cook - Jet Start for rapid heating - Dough rising - Keep warm (60°)

Optional domestic appliances: Stainless steel cooker 3 burner oven/grill on gimbal

Brand: ENO

Model: Grand Large

Replaces standard 2 burners oven (model without grill)

Burner power: 1000 W, 1750 W, and 2500 W

Oven power: 1800 W

Grill power: 1350 W

Gas consumption: 418 g/h

Safety thermocouple

Oven volume: 19 L

Ignition: Electronic

Materials: Stainless steel exterior and stainless steel oven

Supplied with 2 pairs of pot holders + 1 lid

This lid is made from high-density tempered glass, with excellent resistance to thermal and mechanical shock

Optional domestic appliances: Stainless steel cooker 3 burner oven/grill on gimbal

Optional domestic appliances: additional fridge (130L / 34 US Gal)

Brand: WEBASTO
Model: Cruise Classic Line fridge / freezer

Replaces the 4 drawers low storage unit

Capacity: 130L

Freezer compartment: 6L (-6°C)

Consumption**: 400W / 24 hours

Tension: 12V, 24V

Three adjustable shelves and a bottom vegetable crisper

Nota Bene:

with the 3 cabins 2 heads version: not compatible with the washer-dryer option

Optional domestic appliances: Washer dryer (8-5kg / 18-11 lbs / 230V) for the 3 cabin 2 head version

Brand: CANDY
Model: CSWS485TWMRE

Capacité de lavage (kg) 8
Capacité de séchage (kg) 5
Vitesse d'essorage maximum (tr/min) 1400

Candy has developed Mix Power System + technology, which mixes water and detergent and sprays it into the heart of the fibers, offering incredible washing results in a very short time, thanks to the Perfect Fast 59' program. Mix Power System + technology allows you to save up to 60% energy compared to a traditional wash cycle.

Nota Bene: not compatible with the additional 130 L fridge option
Not compatible with 5 cabins layout

Optional domestic appliances: Dishwasher for 6 sets

Brand: ELECTROLUX
Model: ESL2500

Replaces the open locker

6 programs: Express 20 min, Eco 55°C, Glasses 40°C, Intensive 70°C, Normal 65°C, Rapid Plus 50°C

4 temperatures
Salt and rinse indicator lights
Overflow protection
Water consumption: 6.5 L/cycle
Noise level: 50 dB
Tension : 230V

Optional domestic appliances: Dishwasher for 6 sets

Optional domestic appliances: Water purifier with UV filter

Brand: WATERSPRING

Model: Nautic II

Connected to the cold water inlet in the galley: safe water in a sustainable way

What is UVC light?

Ultraviolet light is a type of electromagnetic radiation transmitted in waves or particles at different wavelengths and frequencies. UVC light, also known as short wave ultraviolet light (200-280 nm), differs from UVA (long wave) and UVB (medium wave).

In the water purification process, UVC light is used to inactivate the DNA and RNA of bacteria, viruses and other pathogens. This inhibits the ability to multiply, thus rendering the pathogens harmless.

UVC LED compared with conventional water purification methods

UVC LED is the most sustainable way of disinfecting viruses and bacteria from water. High flow rates used to be a limitation, but thanks to rapid technical advances in LEDs and smart system design from companies such as Watersprint, LED-based systems are now a competitive alternative in applications previously dominated by conventional UV lamps.

Comparative advantages of UVC LED over conventional UV lamps:

Energy-efficiency: Lower energy consumption.

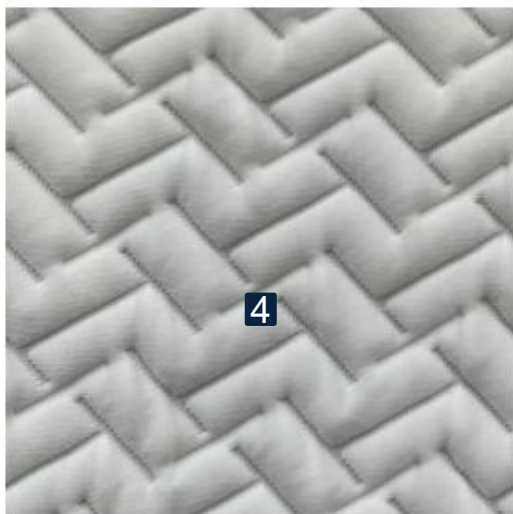

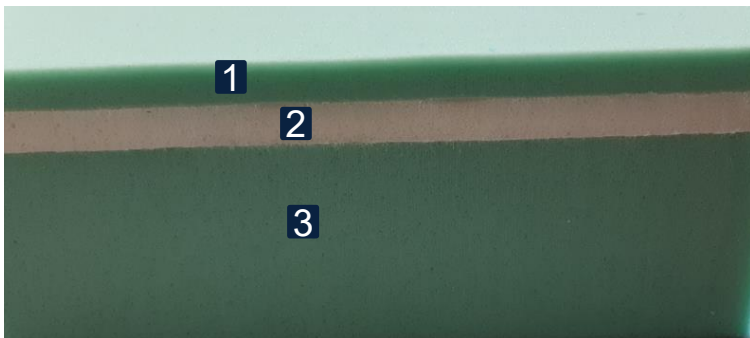

Eco-friendly: No harmful chemicals such as mercury.

Rapid response: Immediate on/off function with no warm-up time.

Long service life: Lasts longer and requires less maintenance.

Optional Premium mattress for owner and aft cabins

Eco-responsibility: recycled PU foam is a new-generation foam made from recycled polyol (20%), obtained from the recycling of used PU foam. The ticking contains up to 75% recycled material. The use of these materials reduces the mattress's carbon footprint.

Thickness: 17 cm foam

Foam composition:

- 1** Support: 2 cm thick. Recycled PU foam - density 35 kg - comfort 3.1 kPa
- 2** Intermediate: 2 cm thick. Viscoelastic foam - density 52 kg - comfort 1.8 kPa
- 3** Support: 12 cm thick. Recycled PU foam - density 30 kg - comfort 4.2 kPa
- 4** Cover
Ticking: 98% PES 2% elastane stretch knit fabric - 620 g/m² - recycled padding yarn + recycled top yarn (total approx. 75% recycled PES) - hydrophilic treatment
100% PES 3D mesh underside - 770 g/m² - 8 mm thick
YKK zipper injected around the entire mattress perimeter (removable top cover)

Optional Premium mattress for owner cabin (3 cabins layout)

User benefits

Comfort

Good balance between support and flexibility: the foam base layer regulates body temperature, while the memory foam middle layer relieves pressure points,

The ticking includes elastane, is made of ring spun twisted PE fibers and offers a more natural, soft feel, while providing strength and breathable comfort for superior sleep quality.

Ventilation

The 3D textile's three-dimensional structure improves mattress ventilation and allows optimal air circulation, limiting the proliferation of dust mites, mold and bacteria,

The hydrophilic treatment of the ticking provides a long-lasting sensation of freshness, helping to evacuate moisture for a drier, more comfortable sleep.

Care

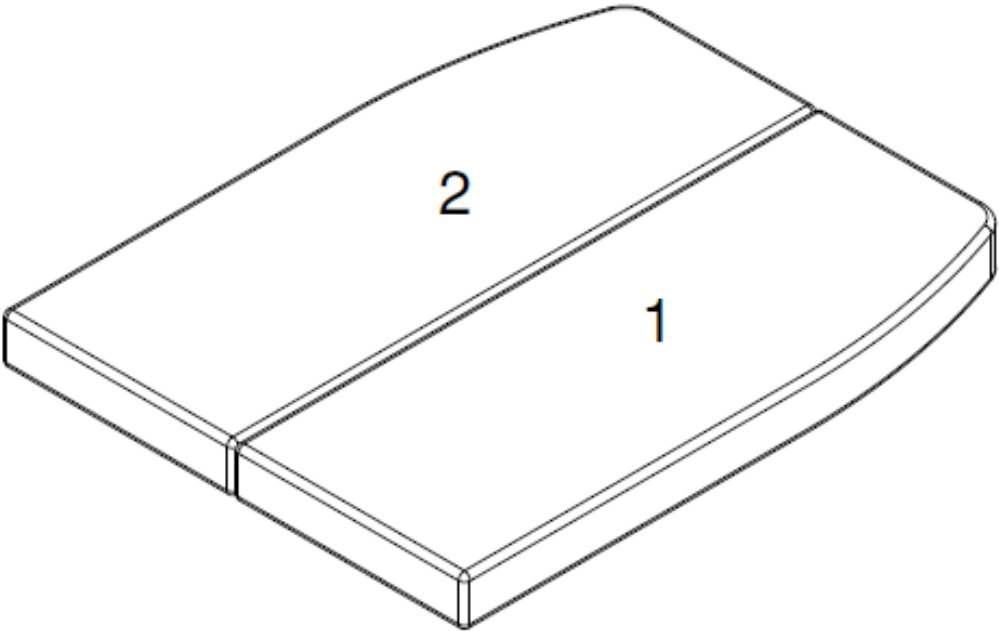

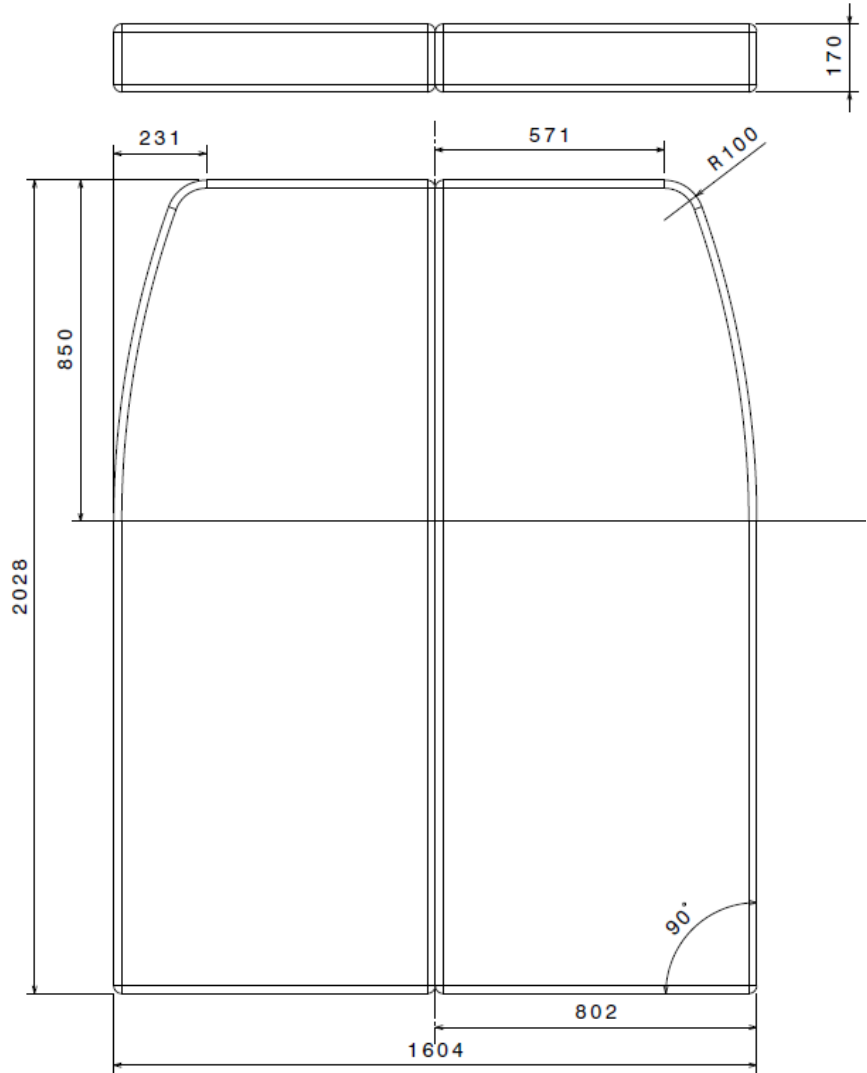

thanks to its two-part removable cover, it's easy to wash or replace just the top part (machine washable at 60°)

Health safety:

materials (foams, ticking, 3D textile) certified to OEKO-TEX® Standard 100, guaranteeing the absence of substances harmful to health and safe comfort.

SEANAPPS: connected boat as standard

"SEANAPPS" smart technology:

For monitoring the boat's status and receiving alerts as well as maintenance advice via the associated mobile application.

The type of information collected varies according to the boat's configuration: safety indicators (GPS position, battery status, bilge level, engine condition), navigation data (distance covered, speeds, depth), and comfort information (tank level, cabin temperature and humidity).

Many possible applications dedicated to dealers and an opportunity to develop a new approach to customer relations
